

ORGANICITY & PSYCHIATRY

FROM INFORMATION TO TRANSFORMATION - NOT EVERYTHING IS FUNCTIONAL

The Department of Psychiatry, D Y Patil Hospital & School of Medicine, Navi Mumbai, has always endeavored to take proactive steps in enhancing the knowledge base of postgraduate students, as well as the entire psychiatric community, in its own humble way. We keenly organize various conferences, CMEs, Workshops and symposia for the postgraduate students as well as clinicians which become extraordinary due to the exemplary faculty list and the richness of the core content of the pertinent and relevant programs.

To take that venture forward, we look forward to actively participating in the multidisciplinary international conference MEDINPIRE conducted by D.Y. Patil University. We wish to bring to the postgraduate students and clinicians, cutting edge scientific knowledge and some of the best minds in Psychiatry. Our theme for the event is Organicity and Psychiatry and the grey zone between the two specialties. We aim at conducting workshops and CMEs by eminent faculty that are the stalwarts and beacons of knowledge in the field of psychiatry as well as neurology.

We eagerly look forward to have a prodigious colloquy blessed with the knowledge and experience of the astute faculty members.

MEDINSPIRE™

An International Multidisciplinary Medical Summit

14TH - 17TH
FEBRUARY, 2019

D Y PATIL

DEEMED TO BE

UNIVERSITY
NAVI MUMBAI

4 DAYS ACROSS 72 ACRES

70+ INTERNATIONAL SPEAKERS

500+ NATIONAL SPEAKERS

30+ MEDICAL SPECIALTIES

MEDINSPIRE is an international multidisciplinary medical summit to be hosted from 14th - 17th February 2019, to understand the dynamic field of medicine and its convergent, rapidly developing technologies and ideologies and their potential in advancing healthcare. It is a platform for medical professionals across the globe to assimilate diverse concepts through a blanket-approach summit that can potentially transform the healthcare landscape globally.

MEDINSPIRE seeks to stimulate an exchange of knowledge between top international and national speakers and global stalwarts whilst providing evidence-based learning through a variety of methods like simulation workshops at Asia's first simulation-based medical training facility and hands-on training workshops.

MEDINSPIRE's distinguishing factor lies in its multidisciplinary nature, its vast variety of learning opportunities under proficient guidance and the one-of-a-kind expansive medical industry interaction spread.

MEDICAL SPECIALITIES

<http://medinspire.in/speciality-wise-cmes/>

DY Patil University is a unique combination of education, healthcare and sports under one roof which comes alive at MEDINSPIRE, as these on-campus facilities strengthen our endeavour of uniting India's medical fraternity through a single event in one venue. The medical simulation lab will host several hands-on workshops across specialties for students and professionals; the sports stadium will transform into one of India's largest experiential medical exhibitions while the hospital and colleges house the conference, panels and talks by industry stalwarts. The 72-acre DY Patil University campus will turn into a beautiful canvas where we aspire to paint a brighter future for healthcare in India.
